other urgent work, the information regarding the new stations to be opened in the coming hat weather, was not received earlier than the 6th instant. This was the cause for the delay.

3. Even now the undersigned is not prepared to make a recommendation regarding the new stations proposed by the Taluk authorities without personally inspecting or otherwise making local enquiries regarding the necessity for opening the stations proposed. Sorab has proposed 5 new stations with 15 constables and 15 Begars, Shikaripur 3 new stations with 6 constables and 6 Begars and Honnali 3 new stations with 6 constables and 6 Begars.

4. Having been at Sorab on Jamabandi work, the undersigned has arranged to make the needful enquiries regarding the advisibility of opening the new stations proposed in the Sorab Shikarpur and Honnali Taluks; and will submit his proposals about the beginning of the next month, on the conclusion of his enquiries.

I have come to the conclusion that the Establishments detailed in the accompanying statement costing Rs. 8198/- per mensem as shown in the margin may safely be dispensed with with effect from 1st October 1899. I have in anticipation of Government sanction accordingly issued orders to the several Offices concerned to carry out the reductions with effect from the said date.

With effect from 1st October 1899. the Bangalore City will be divided into two wards North and South and

will be placed under the charge of Narsing Bhow and Nagavakar will be appointed as Ward Officers of the respective Wards

The appointment of the Magistrate Bangalore City will be done away with.

3. One of the Clerks in the Office of the Inspector General of Police on Rs 50/- will be dispensed done away with, as there seems to be no necessity for the retention of two Clerks in the said Office.

4. The services of the Clerk on Rs 20/- in the Central Medical Stores

will be dispensed with.

& The Police Force temporarily employed in the Bangalore City as shewn in the Margin will also be dispensed with ~~alone~~ and the Government ~~will~~ be requested with reference to para 2 of their order No 11-13 Dated 13.7.99 to issue orders for the employment of Regular Police for the work.

The Government will also be requested to detail some Constables from the Regular Police Force for guarding the interests of the Residents

6 The Government will be requested to debit to the Police Budget and treat as "local allowance" the allowance of Rs 50/- hitherto paid from Plague funds to the Asst Superintendent of Police, Bangalore who owing to his transfer to Bangalore in the exigencies of Public Service, when the Epidemic was in height of ~~a Serious form~~

Otr. of Krishna Rao

Cost the 50/Rs allowance

that he was drawing

in the Kadur District

2. The Accountant on

Rs 25/- in the Bangalore

District Treasury will

be done away with

as the other Districts

have been doing the

work without any extra

establishment &c.

3. There is now no receipt

for the retention of the

Special Police Force

employed in the several

Rly. Stations in the

Provinces for the purpose

of escorting arrivals

from infected areas

and making them

over to the nearest
Police Station. The
~~Railway~~
work may safely
be entrusted to the
ordinary Regular Police
Force, one of the Constables
from the nearest Police
Station being deputed
to attend the Railway
Station when the trains
arrive and take charge
of the arrivals and
~~then~~ make them over
~~Police~~ Police Station
to the Patels of the villages
~~Concerned~~. Pending Govern-
ment orders on the subject,
Deputy Commissioners
of Districts will be

requested to dispense
with the Services of the
Constables detached
from the Several Jaffna Railway
Stations.

7 The designation of
the so called Constables
now employed under
the Plague Inspectors
in the several Talukes
of the Bangalore Distt.
will be changed into Plague
Peons.

10. At the Inspection
of passengers is being
carried out both in the
Bangalore and Mysore
City R'y Stations and as Kengeri
was Constituted an
Inspection Station mainly for the protection
of Mysore before

before the Mysore City
was infected there is
~~apparently~~ now no
necessity for retaining
the same as an Inspection
Station. The establishment
attached to the said
Inspection Station
will therefore be done
away with, First
Class Hospital Assistant
Siddappa now Inspecting
Medical Officer Kengeri
being transferred to
the Kolar Gold Fields
where the services of
Mr Krishnaswamier
are no longer required.

Mr. Sewell Asst Plague Officer, Kolar Gold Fields will be appointed as Plague Officer, Bowringpet Taluk on the same pay and allowances that he now draws.

2 The Deputy Commissioner, Tumkur District, will be requested to reduce the temporary Police and Plague Establishments to the scale adopted in the Bangalore Dt. and submit proposals for sanction with a report as to the nature of the work done by the Darogas.

3. Having regard to the fact that Compulsory

Segregation is not resorted
to in the Mysore City
it does not seem expedient
to retain any longer
as Ward Officers the
Services of the civil Officers
now employed in Mysore
The Medical Officers now
attached to the Wards
will be entrusted with
all the duties pertaining
to the Office of the
Ward Officer and they
will in future be styled
and gazetted as Ward
Officers to do all the
duties connected with
the Wards
4 Compared with the

establishment maintained
in the Bangalore City, the
establishments entertained
in the City of Mysore are
excessive and they
will therefore be reduced
on the Scale
according to actual
requirements as ascertained
in the Bangalore City.
The Office Establishment
of the Chief Plague
Officer, Mysore will
be reduced by one
Jemadar, one Duffadar,
one Masalchi
and the Services of the
"Bhisti" on Rs 15/- in the
Office of the Health
Officer will also be
dispensed with.

15. The Store Clerk attached to the disinfection stores ought to be able to do the duties of the Store Keeper also and the allowance of Rs 15/- hitherto paid to the Store-Keeper will at once be stopped

16 The Dy Commissioner Mysore District, and President, City Municipality will be requested to reduce at once the ~~temporary~~ Police establishments in the City and the Districts and retain only so much of the Establishment as is actually

required for the efficient working of the Plague Regulations and submit two separate Statements for the City and the District respectively showing the Sanctioned establishments, the establishment entertained, the establishment actually required and that which can at once be dispensed with, bearing in mind that all the Police establishments in the uninfected districts have been done away with, that there is

No necessity for retaining the Services of temporary Police Constables at the Several Railway Stations and that the additional work pertaining to plague prevention should be done by the Regular Police.

17 The President, City Municipality Mupore will also be requested to at once dispense with the services of the 80 Supervisors now employed in the Mupore City and to entertain additional Registrars of Births and Deaths for the Several Mohallas, their pay being proper

Subject to the Municipality

The Deputy Commissioner of
Mysore City Municipality
will be requested to

arrange accordingly

The Inspector and the
two City Registrars now
paid out from Plague
Funds will however
be retained as a
temporary measure
pending the employment
of Registrars as above
dated

18th day of the
River embankments in
connection with Disinfection
in the Mysore City
to be kept as Roads
under the President
City Municipality

Mysore will be requested to report whether he cannot reduce the pay of the said appointment to Rs 30/- as in Bangalore.

19. The Services of the Medical Staff attached to the Mysore City as noted in the margin are no longer required and they will accordingly be transferred to the Medical Department.

1 Asst Surgeon, Superintendent Plague Camp, Mysore @ Rs 100+100 = 200.
1 First class Hospital Asst on the Statistical Staff 60+50 = 110
1 Plague Nurse 100

20 The Chief Plague Officer Mysore will be requested to report why the Services of the two Corpse bearers on Rs 15/-

each Shold not at once
be dispensed with

21 The pay of the
Sanitary Inspector
attached to Nanjungode
Cannot hereafter be
debited to Plague Funds
If the Services of a
Sanitary Inspector

are really needed for
Nunjangode, the Deputy
Commissioner will
obtain Government
sanction for his
retention and for
his pay being
debited to Municipal
Funds.

22 The attention of
the Deputy Commissioner

Mysore Dt. will be invited to the large Hospital Establishment costing Rs. 119/- maintained in his District while no such establishment is kept up in the Bangalore District and he will be requested to reduce the Establishment and report the result to this Office

23 The Deputy Commissioner Shimoga District will be requested to retain only so much of the Police Force as is actually required for Frontier Outposts

and to report what

reductions are feasible

in the present Police

establishment. A clear

Statement should be

submitted showing the how much of the

necessity for the present establishment

retention of the said he proposes to retain

establishments. with full reasons

for each case

24. The Deputy Commissioner

Kadur, will be requested

to report as to the

necessity or otherwise

of retaining the temporary

establishment attached

to the Hospital Assistants

at Kadur, Birur and

Arsikere

25. The Deputy Commissioner

of the Chittaldrug D.H.

will be requested to
discharge at once
with so much of the
temporary Plague Police
as is not on Frontier
duties and arrange
~~to~~ to get the work done
by the Regular Police
which has been
recently strengthened
25 per cent. It is necessary
that the small allowances

26. The Deputy Commissioners
of Districts and Presidents
of Municipalities of
Bangalore & Mysore
will also be requested
to incur no further
expenditure in connection
with Plague Preventive
measures without previous
sanction for which
purpose they should
submit within the
2nd of each month
Statements showing
the details of the
probable monthly

expenditure to be

To

The Plague Commissioner
in Mysore.

Sir

In modification of my letter No 870 of the 9th October 1899, I have the honour to forward herewith a statement showing the particulars of reductions in the Plague establishments of this district amounting to Rs 238-8- per mensem with effect from 1st December 1899.

2. I have dispensed with some of the Inspecting Station and reduced the number of hands in others. Wherever it was found not possible to reduce the number, I have

Cuss substituted the Constables
for Jogans.

2. It may be seen from the
Statement that 52 Jogans are
proposed to be retained that is
2 more than the present sanction-
ed number. I therefore request
you to be so good as to obtain
the Sanction of Government for
the reduction and for temporary
entertainment of 7 Jogans at
4 Rs a month

3. I have issued orders that the
proposed reduction of the Police
establishment should be carried
out from the beginning of December

In reply to queries in connection with the measures of Plague in Municipal limits I have the honour to state as follows:—

1. All the steps laid down in the rules concerning observation notices, obstruction and detention have been in force along the border for a long time past in order to prevent as far as possible, the introduction or the increase by infection. The places have been visited by the inferior officers including

[illegible] Commissioner, who is satisfied that the [illegible] carried on efficiently.

The villages affected are not adequate to [illegible] by rail territory and there does not [illegible] to be any direct communication between [illegible] and some of our villagers. The villagers [illegible] alive to the importance of keeping [illegible] that it is believed that they will not [illegible] communication whatever with infected places knowingly. Instances have been brought to notice in which the villagers shunned them. In some cases, the [illegible] have themselves stoutly declined to [illegible] from infected places any ingress [illegible] their roof. The simple means [illegible] disinfection, exposure to sun and air [illegible] clothes in boiled water) are [illegible] instances, resorted to. In fact it [illegible] while visiting them determined [illegible] the villagers in the Salt tour that the [illegible] should result in a proposal for modified [illegible] arrangements in [illegible] locality.

The receipts & arrangements are, it is understood, properly kept by the Patels. The

villagers have been assiduously taught that prevention of infection and evacuation after infection are the only remedies of any probable use, and they understand this quite fully. They have been advised to have materials for sheds ready. It is apprehended that there will be no difficulty in carrying out evacuation, especially as after the close of the rainy season and in these Madras places, the people will find ready shelter under trees and can improvise sheds very easily.
